

Faculty of International Business &
Humanities (FIBH)

Master of Business Administration (MBA)

A Quick Guide

Introduction

The Master of Business Administration (MBA) is a unique degree option for those already established in a business or position. While maintaining a job with a company, program participants can choose this degree option to pursue an advanced education while working full-time. MBA depends on collaborative learning, immediate applicability, increased confidence and access to business school top faculty.

Master of Business Administration (MBA) program-FIBH offers a Master of Business Administration (MBA) program in five different tracks:

1. Master of Business Administration (MBA) general
2. Master of Business Administration in Accounting (MBA-ACC)
3. Master of Business Administration in Finance (MBA-FIN)
4. Master of Business Administration in Marketing Management and Digital Marketing (MBA-MKT)
5. Master of Business Administration in Human Resource Management (MBA-HRM)

MBA Program Objectives

We provide our students with a practical hands-on approach to educate the business leaders of tomorrow through first class curriculum, excellent teaching, Japanese Experts and involvement with industry. FIBH will bring together the highest quality instructors and students to provide the outstanding education based on best practices of business education.

Compulsory credit hours (39 credits) include:

- 24 credit hours for all MBA students
- 15 credit hours for the specified MBA track including 6 credits for an applied research project (The student may select two additional elective courses, subject to the approval of the academic advisor, instead of preparing the research project).
- Elective hours (9 credit hours)

Graduation Requirements

1. A minimum of four semesters, and a maximum of six semesters after the enrollment in the program.
2. After completing the course work, the candidate has the choice either to submit a Research Project (with six credits) or to take two elective courses, 3-credit hours each, from a different track.
3. To be awarded the MBA, students must successfully complete 48 credit hours.

- You'll receive a confirmation email for your submission.

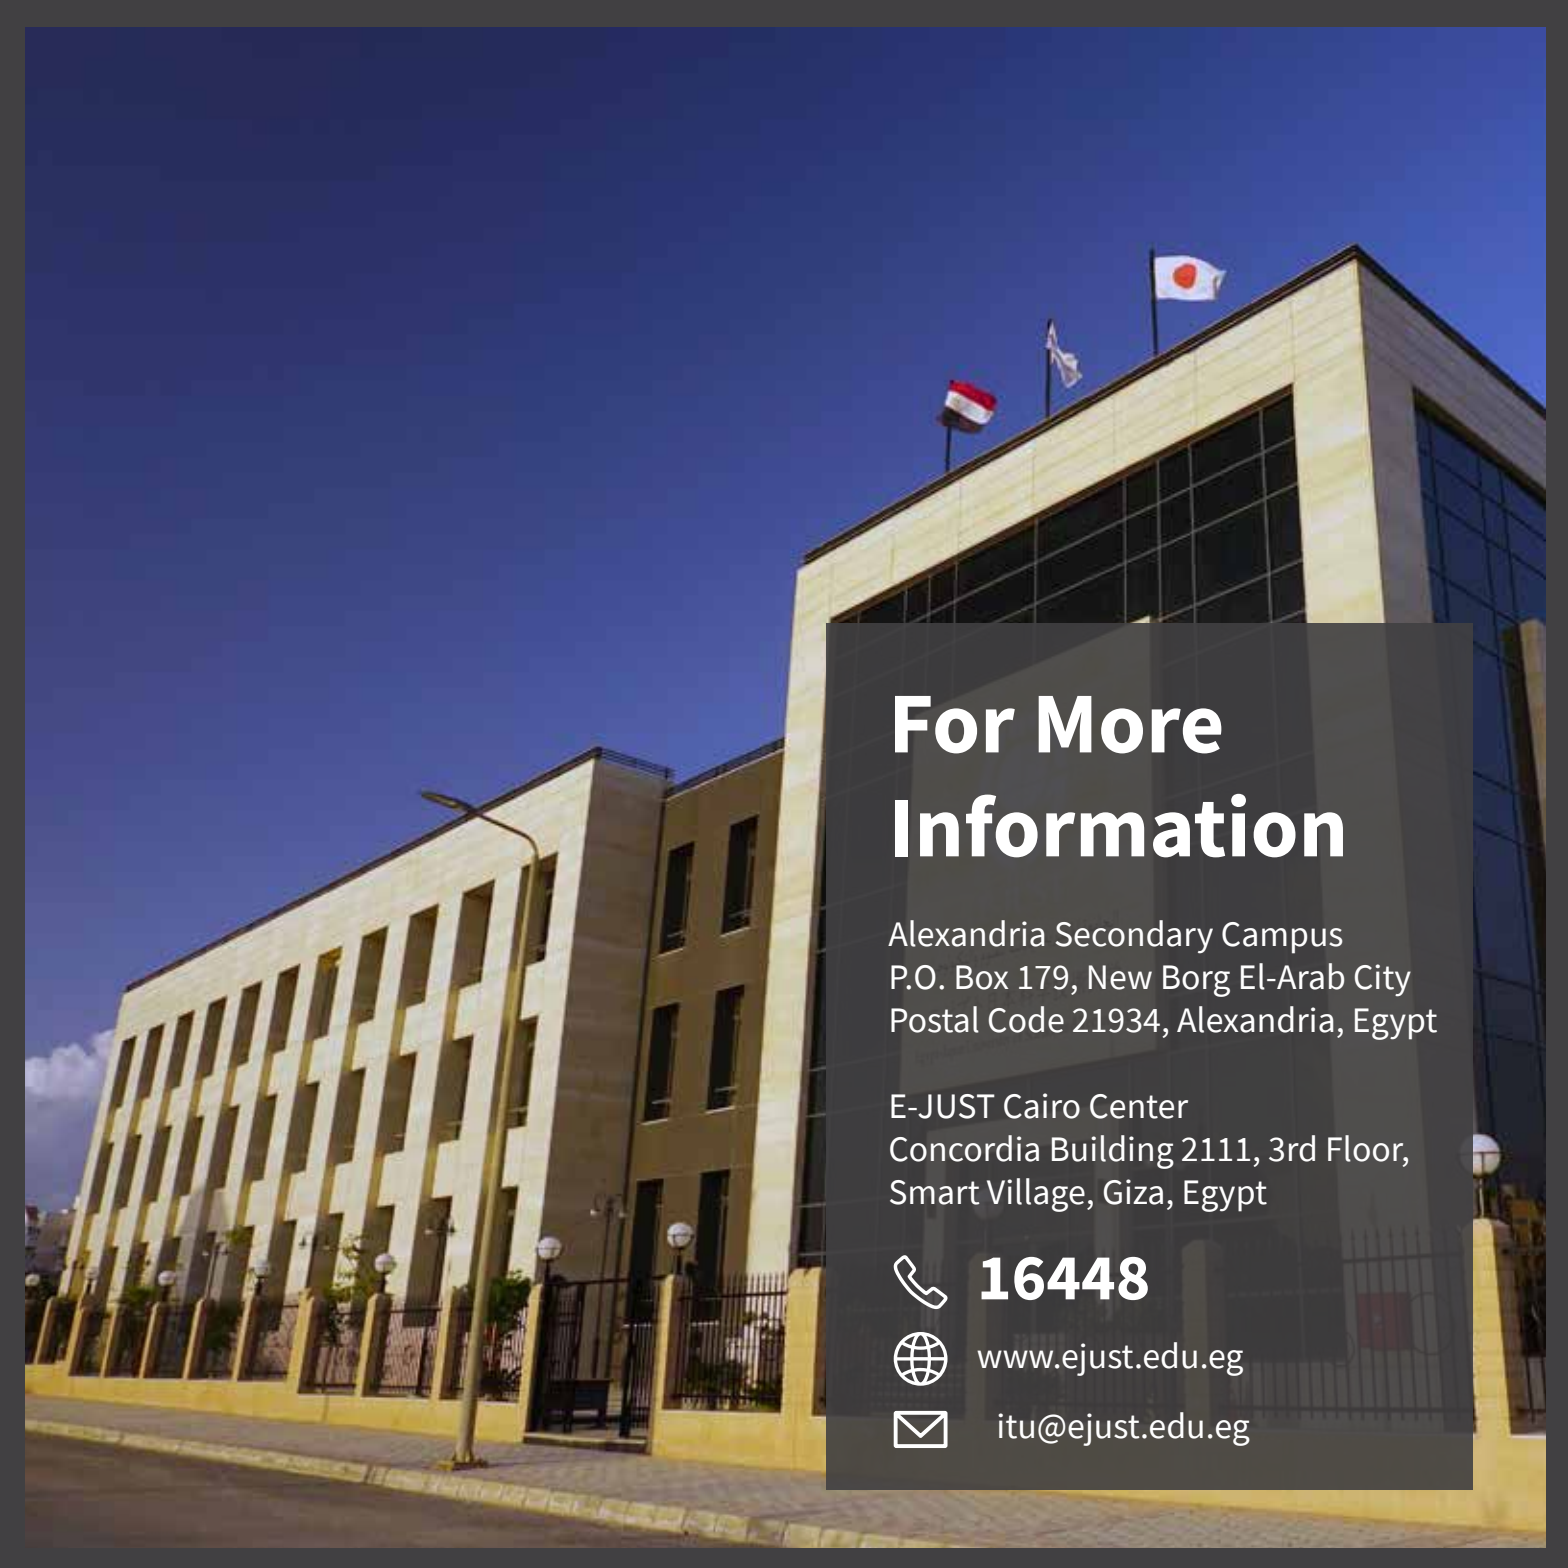

About E-JUST

Egypt-Japan University of Science and Technology (E-JUST) is a research-oriented university with the determination to improve the academic environment and become a benchmark for Egyptian and African countries in higher education. The university was established in May of 2009 based on a bilateral agreement between the Egyptian and Japanese governments. In 2010, it accepted the first batch of graduate students and started the excellence journey.

In September 2017, E-JUST reached another milestone when it inaugurated the Faculty of International Business and Humanities (FIBH). It was also in that year that the university began accepting high school students in both the Faculty of Engineering and the Faculty of International Business.

The partnership between both governments is extremely strong to ensure the ease of the educational journey of students. The Japan International Cooperation Agency (JICA) fully supports E-JUST by sending their experts to assist and guide in the technical transfer and management of the university. JICA also sends academic experts from the Japanese Cooperating Universities (JCU) to support in teaching, joint research and co-supervising the graduate students. In addition, JICA provides state-of-the-art equipment and tools for educational and research purposes. As for the Egyptian government, it fully supports the university's needs from capital to operating expenses.

All decisions that govern the university are done through its Board of Trustees (BoT) members, which is comprised of 20 prominent figures from Egypt and Japan. The Egyptian side includes a representative of the Ministry of Foreign Affairs, a representative of the Ministry of International Cooperation, and a representative of the Ministry of Higher Education. Whereas the Japanese side includes the Senior Vice President of JICA, a representative of the Ministry of Education, Culture, Sports, Science and Technology, and a representative of the Ministry of Foreign Affairs, and the presidents of five leading Japanese universities.
